// City Giving Day is really important for charities because it really brings to the forefront of people's minds the difference everybody can make if they band together behind one cause and they work together. //

Madison Hucks, NSPCC

// We have been taking part in City Giving Day for four years now and are proud to be the only dentists representing City Giving Day. The day not only raises funds for The Lord Mayor's Appeal, but it boosts the community spirit and brings us closer as the years go by – we can't wait to get involved again this year. //
